

## TESTIMONIALS

Dear Janet

Many thanks for the proof you sent us last week. We have since watched it and are really impressed. The final version surpassed our already high expectations. It is clear that the boy's professionalism on the day have continued through to their editing and production of the proof. Many thanks for your efforts. You definitely captured the day in a truly unique way and it is very clear from our DVD and the show reels we saw whilst planning our wedding that Graham's dream definitely lives on.

Yours sincerely

Dear Janet,

Ian and I would like to thank you from the bottom of our hearts for giving us the best possible memory of our wedding day. Your skills and organisation on the run up were beyond efficient! I was so lucky on the day to have had a calm and relaxed atmosphere and your help through a difficult point during the morning was so valued, thank you.

I personally felt as though you enabled us to enjoy parts of our wedding that would have been missed had you not been there to guide us. It was as though you choreographed our day without us even noticing - wonderful. You used your wealth of experience and knowledge to pull together Ian's preparations in the morning which was fantastic and very much appreciated!

Everything throughout the day felt so natural; neither us nor our guests felt as though the crew were even filming us, and your ability to fit into our day whilst capturing all of the important moments was priceless.

When we first sat and watched our finished film we were so overcome with emotion, it really was so beautiful; absolute artistry, not just a wedding video. It is also a wonderful and precious reminder of Ian's dad who died sadly and suddenly in September. We can now watch our film not only as a reminder of our very special wedding day, but also as a reminder of Frank, a wonderful, warm and joyful man.

A huge thanks to you Janet and The Graham Fenton Experience for capturing the very essence of our wedding day, translating it into film to reflect exactly who we are, and allowing us to re-live it over and over again.

Kindest and warm regards

Dear Janet

We just wanted to say a huge thank you to you and the boys for providing such a superb service on our wedding day. We felt so at ease with you all – it was a pleasure to share our special day with such lovely people. You were there to help us when we needed it and then just blended in when we didn't, it was very reassuring and a big weight off our mind on the day. Our vicar and several guests commented on how unobtrusive and professional you all were while filming the day's events, no doubt that's why you have earned such a fantastic reputation, which we are only too happy to endorse!

With our heartfelt thanks

Dear Janet

When I was organising my daughter's wedding I was unsure about having her special day filmed. My concern was that it might be an intrusion on the bride and groom and our guests. However, my fears were unnecessary, and I am now so delighted I chose The Graham Fenton Experience.

I was able to relax and thoroughly enjoy a very happy and exciting day helped by you Janet and your wonderful team's organisational and filming expertise. So much so I was totally unaware at the time, when you were filming my daughter and her bridesmaids getting ready, you calmly went beyond the call of duty by using your expert sewing skills to solve a problem concerning one of the bridesmaids dresses, saving me from a very stressful moment! Thank you.

The Graham Fenton Experience team worked extremely hard throughout the day and evening. The two cameramen were friendly & professional at all times, filming discreetly and quietly in the back ground. You were also honest with me explaining that because you were so busy with many weddings that there might be a short delay in the editing. However the wonderful DVD that you have produced for us has exceeded all expectations. As Mother of the Bride there is so much of the

day that one is unaware of, however thanks to The Graham Fenton Experience I was thrilled to see you had captured so many special and happy moments in such an unforgettable way.

On behalf of all my family I would like to thank you Janet and your fantastic team for producing in your highly creative, exclusive style a very beautiful and truly magical memory of my daughter's very happy wedding day.

Kindest Regards

Dear Janet

Please accept my sincere thanks both to you and to all of your team for the stunning DVD of our Wedding Day, the final proof of which has now arrived.

To say that I am overwhelmed with the quality of the film you have produced is an understatement but I would also like to take this opportunity to mention how extremely impressed I have been with the level of service that I have received throughout the entire process of producing this DVD.

From our first initial contact where you were more than happy (and patient!) to discuss the ideas and content of the film, to the skill of the wonderful cameramen that joined us in Portugal, who managed to remain unobtrusive whilst simultaneously capturing every detail, to the final expert and detailed process of editing, the whole journey has been conducted with the highest level of professionalism and valuable support from all of your staff and yourself.

From a technical perspective, everybody that I have shown the film to has commented on the quality of the work produced and the fact that the whole thing really does look like the sort of movie you would view in a cinema! The work is just superb and the special touch of adding our favourite music throughout has set this piece of work apart from anything I have ever seen in comparison.

More importantly however, from an emotional point of view watching the DVD for the first time was a truly moving experience.. The excitement and happiness of our Wedding Day was suddenly, as if by magic, brought back to life! I have often repeated to my family and friends that I wish I could re live our beautiful day again and again and your film has enabled me to do just that with many a happy smile and a tear in my eye.

Thank you again, most sincerely Janet, for a truly striking capture of such a special day in our lives, for your friendship and care and for so many irreplaceable memories which we can now visually treasure forever and share with our friends and family for a long time to come.

Dear Team

We are writing to let you know how thrilled we are with the finished DVD of our special day. From the moment we met the boys on the day of the wedding we had no worries that it would be everything we hoped for. Their professionalism and experience shone through aligned with a very friendly nature and approach. They managed to capture every moment of the day without ever intruding on us, our guests or importantly our photographer. The product itself is of the highest quality and it's obvious that great time and care has gone into the editing. The soundtrack we supplied has been carefully inserted in the most appropriate places with footage even relating to lines in the songs. Most importantly to us filming restrictions imposed by a third party were overcome in the most wonderful way. We would have no hesitation in recommending you and indeed have already done so.

Yours gratefully

Kelly and Paul

Dear Janet,

Thank you so much not only for the finished product, the beautiful wedding DVD but also for the very special DVD in memory of our father and for the support and attention to detail that you showed us throughout the whole process.

The minute I received your package in the post and saw your tribute to Graham I knew that you were the right company to use. I so much wanted to remember our father at the wedding in a positive way and this felt the right way to do it. For me it was the highlight of the wedding! The way that you incorporated it into the actual wedding DVD was brilliant. The whole wedding DVD captured beautifully and tastefully the feeling of the day and no attention to detail was missed.

Graham would have been proud!

With my very best wishes,

Caroline

Dear Janet,

We would like to express our deep and heartfelt thanks for the wonderful moments you and all the team at The Graham Fenton Experience have captured at our wedding.

When we are looking for a company that could help us capture the feel and emotion of our big day,

The Graham Fenton Experience stood out. The professionalism and careful thought throughout the whole process, not just on the day has made the production of the film of our wedding, more like asking a close family friend to capture the moments and feelings.

Thankfully you also have the artistic and professional influence to make the film more of a movie than a home video.

We had worried that the presence of a camera team would be overpowering and make everyone feel on edge, a typical phobia for the reserved British! The camera men not only blended in, but were not really noticed, this not only made everyone feel at ease, but also meant that the final edit of the film has a natural, relaxed feeling. Please pass our thanks and best wishes onto the cameramen for being so discreet and friendly.

We cannot count the number of times we've watched the DVD and each time it's been great to relive the wedding. We had put a lot of effort into making our wedding as magical and memorable as possible, and now we have a fantastic reminder of the time.

Should other couples have any doubt over trusting The Graham Fenton Experience with capturing their wedding day, then we would have to say "If you want a professional, friendly and thoughtful team to capture the tender moments and memorable shots of the wedding day, sign up with The Graham Fenton Experience as soon as you book the venue. If you want a shaky, blurry, snapshot of the day, that seems to miss the really good parts, ask Uncle Fred."

If any couples would like to speak to us regarding our experience, please feel free to contact us.

Best Regards and Warmest Wishes

Janet and her boys!

Thank you for doing such a fantastic job with our wedding film. The memories and the emotions that come flooding back every time we watch it, are amazing! We so want to do it all over again and again and again!

Janet, I must add a personal thank you, firstly for personally attending our day and secondly helping so much. Timings! How objects were displayed/placed, etc. Basically 'directing' our film resulting in a final "movie like" DVD. Absolutely stunning, a true brilliance of your talent and not to mention your boys. What a cracking team, I know you are very proud of them and you should be!

We knew after five minutes of watching your showreel at the wedding fayre that you were the company we wanted to go with and now that we have seen our finished product it was certainly our best decision we made. Well worth those extra pennies! We have already recommended you to friends and family members and we will certainly continue to do so in the future. We both wish you and the company the very best for the future and long may you continue to complete couple's dream day!

Please feel free to use our film for advertisement (or just to purely show us off!) I hope to see it on the showreel in the future!

Lots of love and thanks,

Helen and Brett French

Dear Janet,

As promised, please see our testimonial below . . .

When we began the search for a videographer to film our wedding, we viewed a few show reels from different companies, but as soon as we saw the show reel from The Graham Fenton Experience, we knew that we had found what we were looking for. We wanted something special and different to all of the others, we wanted the best in the business, and we wanted somebody that we could trust.

The wedding video for us was a priority - we have many friends who have either not had one or had one done on a camcorder and all have regretted it since.

On our wedding day, the 2 camera men that were there to film our special day arrived and just got on with what they were there to do, they did not get in the way and we actually found that it was as if they were not there, which was great. All of our guests have commented that they did not even realise that there were 2 cameras at the reception or the church - this was important as we did not want our guests to feel like they were constantly being watched. The cameramen were highly talented and professional in both their manner and appearance.

Life got back to normal once the wedding was over ... that was until we received the DVD and we were able to relive the whole day over again. It was well worth the wait!

To say that we were delighted with the finished product is an understatement; we were absolutely over the moon. It is the best wedding video we have ever seen and every time we watch it, it makes one of us cry! All of our friends and family that have seen it are astounded and are just amazed at the way that The Graham Fenton Experience has captured every aspect of the day. The attention to detail is unbelievable and the emotions of the day shine through in every shot.

There were a few suppliers on the day that sadly didn't meet our expectations, but that was not the case with The Graham Fenton Experience . . . they not only met our expectations, they exceeded them! It was the best money we spent on the day, we will be able to treasure and keep it for years to come and even show our kids!!

We have recommended The Graham Fenton Experience to everybody we know, and funnily enough my father-in-law even called me the other day to ask for the details as he wanted to recommend the company to one of his friends!

Thank you so very much!

Best regards, Sarah and Ben

Dear Janet,

Lee and I would like to take the opportunity to thank you and your crew for your kind help, assistance and perseverance on our big day.

After all the hiccups before hand we finally got there and sailed through with out a hitch, except for Lee's leg!!

Your friendliness and professionalism was second to none and without you Janet 'I'd have never made it to the Alter on time' as the saying goes, so a very special thanks for that.

It really was a pleasure to have you there on our big day, and after all the hard work your crew and yourself put in we can only wait in excited anticipation for the forthcoming DVD to see our special day once again!

Thank you.

Kind Regards.

Hi Janet,

We both just wanted to say a huge thank you for our superb wedding DVD.

From the moment we met you at the wedding fayre we knew we didn't need to look anywhere else, you were our first and only choice!

The DVD really does capture the day perfectly, there was so much laughter and joy and because your cameramen were so unobtrusive they captured some fantastic moments.

Everyone who has seen it cannot believe the quality and the really artistic shots which made the venue looking amazing. With the addition of the music it makes it feel more like a movie than a wedding video and so far nobody has groaned when I've said I'm bringing the DVD round, they are all desperate to see it as word has spread.

I know that we are now looking at other events in which we can use you!!!

It truly will be our living memory of the day and we cannot thank you and your team enough.

Good luck for the future.

Dear Janet,

We would like to thank you and your team for our fabulous wedding video. It has totally exceeded all of our expectations. Having seen two of your show reels and Carol and Steve's wedding video, we were still stunned by the quality of your work. Thank you so much for helping us to remember our big day and for allowing us to see aspects of the day which we would have otherwise missed.

Hope you are all well.

All our love.
